REASONS FOR ALLOWANCE

In response to applicant's amendment filed 12/18/2006, claim 1 has been amended. Claims 1-9 are pending.

In response to applicant's argument filed 12/18/2006, it is agreed that amendment of claim 1 overcomes the applied prior art of Vaganov et al (6,628,882).

The following is an examiner's statement of reasons for allowance:

Re claims 1, 6, 8, 9, the claims are allowable over the prior art of record because the cited prior art do not teach or fairly suggest a variable optical attenuator able to adjust optical attenuation comprising the nonobvious feature of the actuator moving an entirety of the least one light reflection surface linearly along a direction orthogonal to a light axis of the light emitted from the first optical transmission channel, relative to at least one of the first optical transmission channel and the second optical transmission channel.

Re claims 2-5 and 7, the claims are allowable over the prior art of record for reasons already made of record in the previous Office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Quyen P. Leung whose telephone number is (571) 272-8188. The examiner can normally be reached on normally M-F, 6:15 am - 2:45 pm.

Art Unit: 2874
